

Cheerleading 2011-2012

Dear Coach,

Here is our updated catalogue of cheerleading shoes and supplies. This catalogue is intended to provide a glimpse of what we can offer. As always, we will attempt to secure other products for you if there is a demand. We attempt to stock the products for which your squads have an ongoing need, while we will special order additional items as needed. Let me reiterate. Unlike our competitors, **we stock thousands of shoes, body suits, briefs, and socks!** Our prices are competitive and we have the merchandise in stock. We maintain inventory throughout the year, especially if we know that you will need it later in the year. Why not call us for a sizing kit, to arrange for a team fitting, or to inform us of your team needs? We trust you will be happy dealing with us.

2011-2012 Cheer Shoes

We have selected these models as the most desirable and unless noted, **we are stocking them.** Other models by these manufacturers may be special ordered. However, be aware **many manufacturers do not maintain inventory levels on their shoes.** We cannot supply product if the companies do not have it to supply. Additionally, we do have a limited supply of discontinued styles, in case you are trying to match.

The economic situation in our country is having an effect on how the manufacturers are supplying this market. Many have increased prices. Most companies are not carrying their normal inventory levels in an effort to cut costs. That means fill-ins and special orders may be a problem. We will do our best to keep you supplied, but please try to help us out by being early and organized.
